

Zinex A5 Diamond Core Drill

[Inventory ID #119833]

- Zinex A5 Diamond Core Drill.
 - Year: 2008.
 - Hours: Approx. 6,000.
 - 170 hp 12 valve Isuzu diesel engine.
 - 435 pressure pump.
 - Synchronized chuck and foot-clamp.
 - Drill comes with:
 - Foot-clamp lock out.
 - Hydraulic water cooler mounted vertically in control panel to ensure drainage in cold weather.
 - Quick couplers on tower cylinders so they don't bleed off when switching back to main hoist.
 - All high pressure hoses are in safety sleeves.
 - Guards around all moving parts.
 - Full length adjustable slide for rod support to provide helpers an easy rest for rod pulls and reaming.
 - Adjustable rod rack is incorporated into drill shack to allow for more rods and no stress on feed frame.
 - Mounted in a fully unitized skid shack with:
 - T1 skids with AR runners.
 - Large double 5 ft doors for easy engine, battery and hydraulic access.
 - Folding work floor raised via 12V electric winch.
 - Lights, cables and hoses run along ceiling.
 - Ladder to get on roof.

- Large fuel tank and gen-set mount.
- Square tube tow hitch that can be mounted on front or back of drill shack.
- Dual mud tanks.
- Hydraulic mud mixer.
- Also included:
 - Spare main fly frame for feed frame.
 - HQ Chuck and Footclamp jaws.
 - NQ Chuck and Footclamp jaws.
 - Certified fly cables for all components.
 - 1 Fly basket.
 - 12V double fan cooled, hydraulic heat exchanger (extra cooling for hot climates).
