

Casagrande C14 Anchor Drill

[Inventory ID #173662]

- Year: 2007.
- Operating hours: 2,500.
- 16 m stroke.
- Undercarriage with fixed tracks driven by hydraulic motors coupled to planetary reduction gears.
- Upper structure mounted on a ring gear allowing 360° rotation.
- Soundproofed power pack with Deutz TCD 2013 LO6, water cooled, turbocharged diesel engine.
- Four hydraulic stabilizers.
 - (2) front hydraulically rotating.
 - (2) rear fixed.
- Control panel complete with all controls of the rig and mounted on a mobile arm for good all around operator visibility.
- High tensile steel mast (18500 mm / 60.75 ft.) long allowing 16000 mm (52.5 ft) stroke of the rotary head.
- Rotary head type T2500 with offhole slide.
 - (2) variable displacement motors.
- Blocking and break-out clamps type M5-MSS.
- A2 type hydraulic service winch.
 - Line pull: 20 kN.
- Hydraulic pre-configuration for Gamma 200 type water pump.
