

Deister 999 Concentrating Table [Inventory ID #1643709]

Deister 999 Concentrating Table

Description: The Deister 999 concentrating table is one of the best concentrating tables on the market with decades of proven efficiency and reliability. Savona Equipment has sold many surplus and used Deister tables and this is one of the best used examples on the market. This is a lightly used table in excellent condition, including the rubber surfaces, and the table is stored tarped. The heavy-duty frame is bolted together and no cutting is required for shipping.

Please inquire for pricing. With confirmed interest we can also handle delivery at an additional cost.
