

## Energold EGD III Enhanced Man-Portable Diamond Core Drill

**[Inventory ID #556315]**

The Energold EGD III Enhanced Man-Portable Diamond drill is designed to use multiple engines with combined Hydraulics for a high total HP but it can still be broken down into man-portable loads making it ideal for remote drilling applications.

The Dual Hydraulic Cylinders on this drill provide an incredible drilling depth of up to 600m NQ.

- Manufacture: Hydracore
- Model: EGD III Enhanced
- Year: 2015
- Top Drive
- Enhanced with Dual Hydraulic Cylinders which give Approx. double the depth capacity.
- Depth Capacity
  - NQ 600m
  - HQ 280-300m
- Max Pull: 24,000 lbs. (10,886 kg)
- Max Thrust: 16,000 lbs. (7,250 kg)
- Comes with (3) 4cyl 43hp Kubota engines
  - Low hours
  - 129 HP Total
- Machine has drilled less than 5000m.
- Comes with all safety guards for Rotation & Engines.
- Total Weight: 2,800 Lbs. (1,245 kg)
- Heaviest Component: 413 Lbs. (187.5 kg) Kubota Engines x 3
- Located: Western Canada
