

Falcon SB250 Centrifugal Gold Concentrator

[Inventory ID #167162]

Manufacturer: Knelson

- New/unused.
- Manufactured by Sepro.
- Comes with variable speed control and electric motor.
- Recommended Solids Capacity: 1 - 10 t/h.
- Approximate Max Slurry Capacity: 20 m³/hr.
- Concentrating Surface Area: 0.17 m²
- G-Force Range:
 - Upper: 200.
 - Lower: 50.
- Machine Weight: 269 kg.
- Motor Power: 2.2 (3.0) kW.
- Process Water Consumption: 1.8-2.7 m³/hr.
- Continuous Water Supply Pressure: 2-3 bar.
- Recommended Max Feed Particle Size: 2.0 mm.
- Absolute Max Feed Particle Size: 2.5 mm.
- Maximum Feed Percent Solids: 55-70 %.
- Concentrate Slurry Flush Volume: 50 litres.
- Concentrate Solids Flush Volume: 1010 cm³.
- Dimensions:

- Width: 1.04 m.
- Length: 0.66 m.
- Height: 1.02 m.
- Crated and ready for worldwide shipping.
