

FMC M1212 Triplex Pump [Inventory ID #144052]

Manufacturer: FMC SYNTRON

- FMC Triplex Pump.
 - Model: M1212.
 - Forged fluid cylinder pressure rating: 10,000 psi.
 - Cast fluid cylinder pressure rating: 3,000 psi.
 - Intermittent duty speed rating: 500 rpm.
 - Continuous duty speed rating: 400 rpm.
 - Minimum speed: 100 rpm.
 - Mechanical efficiency: 90%.
 - Equipped with:
 - 3 plungers.
 - 2.5 in. cerm plungers.
 - Stroke length: 3 in.
 - Lubrication system (standard): splash, gravity return.
 - Lubrication system (optional): pressurized, motor driven.
 - Lube oil capacity: 3 gallons.
 - Lube oil type: SAE 30.
 - Max. fluid temperature: 200°F (400°F capability).
 - Min. fluid temperature: -20°F (-50°F capability).
 - Disc type valves.
 - Abrasion resistant.
 - Pump is reported to be very solid.
 - Stuffing box area on fluid end newly machined.
 - Power end in very good condition.
