

## Husqvarna Portasaw MS 335

[Inventory ID #218360]

- 14" Blade.
- Maximum Cutting Depth 5".
- 1.5 HP.
- Electric Baldor Engine.
- Blade Shaft rpm: 2150.
- Voltage: 115.
- Arbor size: 1".
- Cycle/current: 60/AC.
- Full Load Amps: 14.4.
- Starting amps: 79@115V.
- 2 Pivot Points for reduced saw maintenance.
- Large Conveyor Cart: A durable cast aluminum cart for strength with moveable rip guide for making precision cuts. Vulcanized rubber top is permanently bonded to the cart. Non-corrosive metal wheel will not deform or nick for a longer life.
- Foot Pedal Kit: With the foot pedal kit the operator can use their foot to lower the blade into the materials.
- New replaceable rails make alignment of cart easier.
- Patented Sta-Level Blade Guard keeps blade parallel to the cutting table. This one piece heavy duty guard blade has a built in OSHA required lip.
- New design has wider opening in back to allow larger material to pass through.
- Saw head comes preassembled to frame.
- Plunge cut or lock the head and use with the rolling cart.
- The side handles make moving the saw easier.

- Pivot lock bar moved to front for convenient raise/lower operation of blade.
- Only used to cut 500 ft. of drilling core.
- Location: Western Canada
