

## (Used) Hy-G P12 Centrifugal Concentrator [Inventory ID #340174]

Savona Equipment Ltd. is an authorised global distributor for Hy-G Concentrators Inc. [www.hyconcentrators.com](http://www.hyconcentrators.com) and provides the same great OEM pricing and service.

Hy-G P12 Centrifugal Gravity Concentrator provides exceptional recovery of super fine alluvial placer gold and other minerals and metals and can continuously concentrate up to 24 hours before clean-out is required. Expected recovery is up to 98% of free gold as fine as 325 Mesh or 44 Micron. This model is ideal for testing, small production plants, and clean-up to yield a super concentrate. Built heavy duty to withstand the most severe mining conditions in the world.

- Condition: Used Excellent Condition
- Features:
  - Engineered specifically for alluvial placer applications
  - Can handle up to 5mm feed size efficiently which is more than double the typical feed size for a centrifugal concentrator
  - Precise and durable stainless steel bowl
  - Easy to use controls that can withstand harsh conditions in the typical placer mining environment.
- Specifications:
  - Capacity Range: 1 - 10 TPH.
  - Efficient Max Capacity: Approx. 5 TPH
  - Feed size: recommended is -5 mm.
  - Motor: [0.75 HP.](#)
  - Max. Water Consumption: 28.5 GPM @ 35 PSI.
  - G-force: 70.
- Made in Canada.
- Worldwide shipping available.
- Location: British Columbia, Canada
