

Martin Cougar PV Series Piston Vibrator [Inventory ID #109978]

- **Martin Engineering Cougar PV Series Piston Vibrator.**
 - Model: PV-1.25.
 - 2 bolt mount.
 - 20 psi/2600 vpm/35 lbs force.
 - 40 psi/3800 vpm/71 lbs force.
 - 60 psi/4600 vpm/106 lbs force.
 - 80psi/5400 vpm/ 142 lbs force.
 - Speed may not be vibrations per minute (VPM) but cycles per minute.
 - Delivers high-impact linear force to evacuate difficult materials from storage vessels.
 - Provide an economical solution to bulk solids flow problems.
 - Used with filtered and lubricated air, requires only minimal maintenance.
