

Mini Mobile Gold Wash Plant [Inventory ID #127322]

- Mini Gold Wash Plant/Sluice Box.
 - Good for small scale placer mining claims or as a test plant for a larger scale operation.
 - Test your claim to make sure there's enough gold to justify investing in a larger scale operation.
 - Can be fed by hand, mini excavator, or small skid steer.
 - Quality built to industrial specifications and standards.
 - Standard Features:
 - Capacity: 2 to 5 yards per hour of bank material.
 - Heavy duty reinforced hopper.
 - Adjustable live grizzly bars.
 - Pre-set at $\frac{3}{4}$ in. to 2 in.
 - Adjustable water flow nozzles.
 - With underside wash curtain.
 - Live nugget (boiler) box.
 - Easy open clean-out door.
 - Fully adjustable 1 ft. x 8 ft. bi-folding sluice.
 - Easy unclip and fold-up expandable metal riffle system.
 - Sluice carper.
 - 2 in. water manifold.
 - Dual 3 ton long stroke hydraulic hopper jacks.
 - Removable hitch.
 - 4 corner adjustable stabilizer legs.
 - Can be towed by an ATV or pickup truck.
 - Weighs approximately 600 lbs.

- DOT approved tires and axle (not recommended for highway use).
