 - Torque: 1708 ft lbs, 227rpm a 3000 psi.
 - 12 HH Bayles foot clamp.
- This package also comes with
 - spare 4cyl. Perkins
 - 6cyl Perkins's quantity of spare filters, starter, Alta Etc.
- Location: British Columbia, Canada.

MPP's flagship diamond drill, the Discovery II was developed with portability and production in mind. The rig is both compact and powerful. The Discovery II's modular design allows for efficient and safe helicopter transport. The rig's small footprint and available track package allow the Discovery II to access remote drill sites most large rigs cannot reach.
