

[Netzsch 10 HP Progressive Cavity Pump](#) **[Inventory ID #1094853]**

Title: Netzsch 10 HP Progressive Cavity Pump

Description: NEMO progressing cavity pumps are utilized in various industries to convey many types of fluids in a continuous, low pulsating manner, while maintaining an accurate flow.

Make: Netzsch

Model: NM063BY0214V

Year: 2009

Condition: Very Good

Equipment Details:

Motor: 10 HP

Shipping Dimensions: 106in Long x 15in Wide x 19.15in High

Shipping Weight: Approx. 500lbs

General Model Specifications:

- Nord Drive System
 - 10 HP (7.5kW)
 - 230/460 Volt
 - 25.8/12.9 Amps
 - 1735 RPM
 - TEFC

- Capacity
 - 40 US GPM Flow Rate
 - 9.8 m³/h
- Pressure
 - 130 psi Max
 - 8.9 bar Max
- Speed
 - 550 RPM
- V Pin Joint for Longer Service Life under tough operating conditions

Location: British Columbia, Canada
