

Progressive Industries MS-10 Micro-Sizer Air Classifier

[Inventory ID #1513813]

Progressive Industries MS-10 Micro-Sizer Air Classifier

- Make: Progressive Industries
- Model: MS-10
- Type: Micronizer / Micro-Sizer
- Style: Air Classifier
- Condition: Used Condition
- Capacity: Feed rates up to 4 TPH (Depending on Material)
- Consists of: Micro-Sizer, Cyclone, Blower, Motors, Control Panel, and Frame
- All Mounted on 6in x 6in Square-Tube Operating Frame

- Micro-Sizer:
 - Model: MS-10
 - 10HP Drive Motor
 - Voltage: 208-230/460 Volt
 - Rotating Speed: 1750 RPM
 - Comes with Meyer 8in Dia. Rotary Valve Discharge
 - Drive: 0.75HP Electric Motor
 - Voltage: 208-230/460 Volt
 - With Right Angle Worm Gear Reducer

- Cyclone:
 - Size: 36in Dia.
 - With 6in Rotary Valve Discharge
 - Drive: 0.75HP Baldor Electric Motor
 - Voltage: 208-230/460 Volt
 - With Quantis Speed Reducer
 - Ratio: 58.3:1

- Blower:
 - Size: 20in Dia.
 - Drive: Belt Driven by Electric Motor
 - Make: TECO Westinghouse
 - Power Output: 30HP
 - Voltage: 230/460 Volt
 - Rotating Speed: 3545 RPM

- Location: Savona, British Columbia, Canada
