

[Sepro iCON IGR100 Portable Gold Recovery Plant](#) [Inventory ID #861541]

iCON Modular self-contained and portable gold recovery system.

- Primary Component List
 - iCON iPump Slurry Pump
 - iCON i150 Gravity Concentrator
 - 3 x VFD units for Screen, Pump, and Concentrator.
 - Sluce Box
 - Water Manifold.
 - Custom Stand.
 - Tandem Axle Trailer.
- In the standard configuration, material flows as follows:
 - Feed sand/gravel into vibrating [screen](#).
 - Screen divides your feed into 2 mm plus and 2 mm minus size fractions.
 - 2 mm plus will pass over the screen, over the Mini Grizzly and to the Sluce.
 - 2 mm minus will pass through the screen and down to the [slurry pump](#).
 - Pump will move the fine material up and into the gravity [concentrator](#).
